

FORD EDUCATIONAL WEEKLY 175 - One reel.

NATURE ECHO

With the Canadian Rockies as the Host.

Produced by Ford Motor Company, Detroit, Michigan.

Released thru Goldwyn.

Dryden tells us that Art may err, but that nature cannot miss and here are some of the reasons.

The weary traveler's palace.

"Your peaks are beautiful, you Rockies,
In the soft light of these serenest skies".

Where the mountains kiss high heaven and the lake is
one great mirror.

Where a forest Goliath may have trod -
These rocks are called the "GREAT STEPS".

Some day a home will be,
Neath the shelter of yonder tree.

Each cloud capped mountain is a wholly alter
An organ breathes in every grove
And the full heart's a Psalter
Rich in deep hymns of gratitude and love.

How beautiful the water is,
To me 'tis wondrous fair,
No spot can ever lonely be
If water sparkle there.

The breeze like music wandering o'er the boughs,
Each tree a natural harp----each different leaf
A different note blent in one vast thanksgiving.

Across the waste where old Solitude lives alone.

Where Jack Frost figures out his merry pranks.

One last look.

A DOLL HOUSE.

MANUFACTURING STAMPS.

Printing stamps.

Receiving the sticking qualities.

Drying.

Perforating.

Making rolls ready for stamp machine.

The greatest messenger in the world.
